## Circular 0023/2016

### Appendix A (1) – Letter which schools may issue to parents/ guardians

Dear Parent/Guardian,

I am writing to you at the request of the Department of Education and Skills who are seeking the following information on the nationality, mother tongue and ethnic/cultural background of students who have been offered and accepted a place in post-primary schools for the coming year.

The Department requires this information for the purposes of statistical analysis and reporting in the areas of social inclusion and integration of students in the education system. The Department has also informed the schools that it has consulted with the Office of the Data Protection Commission in respect of the data they are now seeking to collect.

The Department has advised schools that it will only use this information in an aggregate format for the above purposes, i.e. not identifying individual students. Access by Department staff to any of this information is restricted to a small number of Department staff, not exceeding 15, who provide technical support to schools on the collection of this data or who work in the area dealing with statistical analysis.

Further information on the purposes for which this data is required by the Department and how it is managed and secured is available in Departmental circular 0023/2016. A FAQ on the use of the data of post-primary students by the Department is also available. Copies of both of these documents may be found on [www.education.ie](http://www.education.ie) or on request from the school.

With the exception of the Central Statistics Office (CSO) the Department has informed schools that it will not share individual data on a student's nationality, mother tongue or ethnic/cultural background with any other body or person outside of the Department. The CSO may obtain the information provided to the Department under the Statistics Acts. The CSO manage the data so provided in a secure manner and to the same standards that operates for the National Census.

Please note that schools are empowered under legislation<sup>1</sup> to receive information on a student's nationality which they may in turn share with the Department. In order to collect details of mother tongue and share it with the Department, the school must obtain the consent of the parent/guardian. In respect of the ethnic/cultural background of the student (because this is deemed sensitive and personal<sup>2</sup> for data protection purposes) the school must first obtain the explicit written consent of the parent/guardian to collect this data and share it with the Department.

Please complete the attached form and return it to the school.

Yours sincerely,

Principal
