In accordance with the requirements of the Education (welfare) Act 2000 and Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post Primary Schools, the Board of Management of Coláiste Pobail Acla has adopted the following Policy in conjunction with and within the framework of the schools overall Code of Behaviour.

This policy is available to our school community on the school's website and in hard copy on request. A student-friendly version of this policy is displayed in the school and is also available on our website and in hard copy on request.

This policy and its implementation will be reviewed, following input from our school community, each calendar year or as soon as practicable after there has been a material change in any matter to which this policy refers.

LINK TO MISSION STATEMENT & KEY PRINCIPLES OF BEST PRACTICE

The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to ensuring that policy and practice in the school is guided by the four key principles of Cineáltas:

1. Prevention
2. Support
3. Oversight
4. Community

The Board of Management of Coláiste Pobail Acla has adopted the following policy to prevent and address bullying behaviour.

This policy fully complies with the requirements of Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post-Primary Schools 2024.

The Board of Management of Coláiste Pobail Acla acknowledges that bullying behaviour interferes with the rights of the child as set out in the United Nations Convention on the Rights of the Child. We all, as a school community, have a responsibility to work together to prevent and address bullying behaviour and to deal with the negative impact of bullying behaviour.

We are committed to ensuring that all students who attend our school are kept safe from harm and that the wellbeing of our students is at the forefront of everything that we do. We recognise the negative impact that bullying behaviour can have on the lives of our students, and we are fully committed to preventing and addressing bullying behaviour.

We confirm that we will, in accordance with our obligations under equality legislation, take all such steps that are reasonably practicable to prevent the harassment of students or staff on any of the nine grounds specified: gender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

These procedures relate to measures to prevent and address bullying behaviour that occurs between students. Allegations of bullying behaviour by students towards school staff will be addressed through the school's Code of Behaviour. Allegations of bullying behaviour by school staff towards students will be addressed by the principal through disciplinary procedures for staff.

DEFINITION OF BULLYING

Bullying is defined in Cineáltas: Action Plan on Bullying and Bí Cineálta: Procedures to Prevent and Address Bullying Behaviour for Primary and Post-Primary Schools as

“targeted behaviour, online or offline that causes harm. The harm caused can be physical, social and/or emotional in nature. Bullying behaviour is repeated over time and involves an imbalance of power in relationships between two people or groups of people in society.”

The detailed definition is provided in Chapter 2 of the Bí Cineálta procedures.

Each school is required to develop and implement a Bí Cineálta policy that sets out how the school community prevents and addresses bullying behaviour. Strategies to deal with inappropriate behaviour, that is not bullying behaviour, are provided for within the school's Code of Behaviour.

The core definition above sets out clear criteria to help school communities to prevent, correctly identify and address bullying among students. Alleged incidents of bullying are, however, often complex and must be considered on a case-by-case basis.

The core elements of the definition are further described below:

➤ **Targeted behaviour**

- Bullying is deliberate, unwanted behaviour that causes harm to others, and where the student displaying bullying behaviour knows that their behaviour is or will be perceived as harmful by the child or young person experiencing the behaviour. Bullying is not accidental or reckless behaviour. The harm can be physical (for example, personal injury, damage to or loss of property), social (for example, withdrawal, loneliness, exclusion) and/or emotional (for example, low self-esteem, depression, anxiety) and can have a serious and long-term negative impact on the student experiencing the bullying behaviour. If the repeated harm is real for the student experiencing the behaviour but unintended by the other student, this is not bullying but, importantly, must still be addressed under the school's code of behaviour.

➤ **Repeated behaviour**

- Bullying takes the form of a systematic pattern of behaviour which is repeated over time. Single offline incidents of intentional negative behaviour involving an imbalance of power are not considered bullying but must still be addressed under the school's code of behaviour. Posting a single harmful message/image/video online, and which is highly likely to be reposted or shared with others can therefore be seen as bullying behaviour.

➤ **Imbalance of power**

- In incidents of bullying, the student experiencing the bullying behaviour finds it hard to defend themselves as a result of the abuse of a real or perceived imbalance of power. This imbalance of power may manifest itself through differences in size, strength, age, ability, peer group power, economic status, social status, religion, race, ethnic origin including membership of the Traveller and/or Roma communities, sexual orientation, family circumstances, gender, gender identity, gender expression, experience of the care system, disability or the receipt of special education. In incidents of online (or cyber) bullying, the imbalance of power may relate to online anonymity, technical proficiency and possession of information/images/video, and the inability of the targeted student to remove offensive online material or escape the bullying.

Behaviour that is not bullying behaviour

A one-off instance of negative behaviour towards another student is not bullying behaviour. However, a single hurtful message posted on social media can be considered bullying behaviour as it may be visible to a wide audience and has a high likelihood of being shared multiple times and so becomes a repeated behaviour.

Disagreement between students, or instances where students don't want to be friends or to remain friends, is not considered bullying behaviour unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others including deliberate manipulation of friendship groups.

Some students with special educational needs may have social communication difficulties which may make them communicate their needs through behaviours that can hurt themselves or others. It is important to note that these behaviours are not deliberate or planned but, in certain situations, they are an automatic response which they can't control.

Bullying is not accidental or reckless behaviour. If the repeated harm is real for the student experiencing the behaviour but unintended by the other student, this is not bullying.

These behaviours, while not defined as bullying, can be distressing.

Strategies to deal with inappropriate behaviour are provided for within the school's Code of Behaviour.

Criminal Behaviour

Bullying behaviour can be considered criminal behaviour under certain circumstances and legal consequences can apply. The age of criminal responsibility in Ireland is 12 years. Some online behaviour may be illegal, and students need to be aware of the far-reaching consequences of posting inappropriate or harmful content online. In cases of intimate imagery, the Harassment, Harmful Communications and Related Offences Act 2020, also known as Coco's Law, criminalises the non-consensual sharing of intimate images and also criminalises threatening to share these images.

If bullying behaviour involves physical violence or threats of violence, it may be considered assault.

If bullying behaviour involves discrimination or hate speech targeting a student based on their race, religion, nationality, ethnicity, sexual orientation or membership of the Traveller community, it may be considered a hate crime under the Prohibition of Incitement to Hatred Act 1989, and those engaging in such behaviour may face criminal charges.

If bullying behaviour involves sexual harassment or sexual assault, this may also be considered criminal behaviour.

An Garda Síochána is the appropriate authority to investigate alleged criminal behaviour.

Types of Bullying behaviour deemed to be inappropriate

- Humiliation
- Intimidation; including aggressive use of body language.
- Verbal abuse, anonymous or otherwise.
- Physical abuse or threatened abuse.
- Aggressive or obscene language.
- Offensive joke; whether spoken or by email, text messaging etc.
- Victimisation; including very personal remarks.
- Exclusion and isolation.
- Intrusion through interfering with personal possessions or locker.
- Threats, including demands for money.
- An attack by rumour, gossip, innuendo or ridicule on any individual's reputation either verbally or through electronic media
- Posting insults about a person on a website or sending upsetting text messages on a mobile. Putting up pictures on a message board, pretending to be someone else in a chat room or on a web page.

Types of Bullying

Physical bullying includes any physical contact that would hurt or injure a person like hitting, kicking, punching, etc. Taking something that belongs to someone else and destroying it would also be considered a type of physical bullying.

Verbal bullying is name-calling, making offensive remarks, or joking about a person's religion, gender, ethnicity, sexuality, socioeconomic status, or the way they look. It can also include a bully making verbal threats of violence or aggression against someone's personal property.

Indirect bullying includes spreading rumours or stories about someone, telling others about something that was told to you in private, and excluding others from groups.

Social alienation is when a bully excludes someone from a group on purpose. It also includes a bully spreading rumours and also making fun of someone by pointing out their differences.

Intimidation is when a bully threatens someone else and frightens that person enough to make him or her do what the bully wants.

This Policy Applies

- In class, between classes and while on the school premises
- While in school uniform
- On the way to and from school
- On school-based activity, school tours etc.
- To anything done in the school's name
- To any behaviour that adversely affects the school reputation or the education of any student in the school

Note: This policy recognises and operates in accordance with the Child Protection Procedures for Primary and Post-Primary Schools 2025. Any breach or concern arising under this policy that may also constitute a child protection matter will be managed in line with the Child Protection Procedures 2025, and the appropriate reporting and safeguarding procedures will be followed.

PREVENTING BULLYING BEHAVIOUR

This section sets out the prevention strategies that will be used by the school. These include strategies specifically aimed at preventing online bullying behaviour, homophobic and transphobic bullying behaviour, racist bullying behaviour, sexist bullying behaviour and sexual harassment as appropriate.

Our Wellbeing Policy has been developed in line with the national *Wellbeing Policy Statement and Framework for Practice* and provides the following four key areas that are essential for a holistic, whole school approach to wellbeing promotion: Culture and Environment; Curriculum (Teaching and Learning); Policy and Planning; and Relationships and Partnerships.

These are the three areas that we have considered when we developed our measures to prevent bullying behaviour: 1) Settling in and building for success, 2) Mental health, Wellbeing and Relationships, 3) Reflection, Preparation and Future Planning. These also inform our preventative strategies for bullying behaviour.

Culture and environment

A positive and inclusive school culture and environment is essential to prevent and address bullying behaviour. The school environment should be a space where students and school staff experience a sense of belonging and feel safe, connected and supported. Relationships between all members of the school community should be based on respect, care, integrity and trust

➤ *How we create this culture and environment*

1. Open communication between all stakeholders in the school
2. Standards and expectations in relation to preventing and addressing bullying behaviour set by senior school leaders through whole school assemblies, parent's evenings and all interactions with students when and where appropriate
3. Consistent approaches taken to addressing Bullying behaviour
4. Students promote kindness, respect and inclusion through their daily interactions.
5. Parents helping to foster an environment where bullying behaviour is not tolerated by promoting empathy and respect. We support parents in this by running parent's evenings.
6. By creating a "Telling Environment", we try to achieve this through our:
 - a. reportbullying@cpacla.ie email address
 - b. Student support team
 - c. Developing the concept of "One Good Adult" for all students, trying to ensure all students have at least one person in school or outside school that they can talk to
 - d. Supporting students who observe bullying with strategies to report and encouraging them to report, through surveys, online reporting forms, to counsellors or any adult in the school or outside
7. By creating safe physical spaces throughout the school: communal areas and the school yard, where teachers and other staff have clear lines of sight while on supervision
8. Ensuring expectations and values messages are clearly conveyed in corridors and in rooms through posters and artworks which are jointly created and developed with students

Curriculum (Teaching and Learning)

We promote an approach to teaching and learning that is both collaborative and respectful in Coláiste Pobail Acla. Students are given regular opportunities to work in small groups with their peers, which help build sense of connection, belonging and empathy among students.

Subject and Programme Provision

- The curricular subjects offered to students provide opportunities to foster inclusion and respect for diversity, we have a wide array of subjects at both Junior and Senior Cycle and offer programmes at Senior Cycle (TY and LC). We provide opportunities for students to develop a sense of self-worth through both curricular and a wide variety of extra-curricular programmes through our strategic focus on Connection and Belonging.

Subject content

- The updated **SPHE** specifications aim to help students to feel empowered to create, nurture and maintain respectful and healthy relationships with themselves and others. The **RSE** strand of the specification also provides space for students to examine and consider relationships and human sexuality which can foster an understanding of diversity which may help to reduce gender and identity-based bullying as well as sexism and sexual harassment.
- As well as this, diversity and inclusion can be experienced via **ETB Ethos** which aim to encourage respect and understanding of different beliefs, perspectives and ways of living, and this is delivered in a cross curricular way through SPHE, CSPE and many other subjects. In **CSPE**, there is a focus on the interdependence of people in communities, at local as well as national and international levels.
- **History** is used to raise awareness of racism and colonialism. By examining historical and contemporary examples of racial discrimination and colonial legacies, students can develop an understanding of the root causes of bias and prejudice. Resources and materials are also available to support incorporating Traveller culture and history across many areas of the curriculum.

Together We will Achieve: Supports for Parents

- Equipping Parents with the skills and information on bullying and online safety is vital to successfully supporting our students. In school we use many of the resources from the FUSE programme developed by the DCU Antibullying Centre and promote the FUSE parent hub <https://antibullyingcentre.ie/fuse/parent-hub/>

Wellbeing Monthly Personal and Student Development Themes

- We begin each month with a theme which is linked to our Wellbeing & SPHE curriculum. These themes are followed through in SPHE and other classes and whole school activities to engage students, staff and the wider school community where appropriate. The themes are outlined below. These topics are also covered in SPHE classes.

➤ Our Wellbeing Journey at Coláiste Pobail Acla

Planning

The wellbeing of the school community is at the heart of school policies and plans. As detailed in the graphic above, we have a monthly theme which supports the Pillars of our school wellbeing plan, Integration, Excellence, Resilience, Relationships, Balance, Positioning, Leadership, Empowerment, and Flourishing.

Policy and Planning

The Wellbeing policy clearly details how we try to prevent and address bullying behaviour. We use many of the resources and practices as recommended in the Procedures to Prevent and Address Bullying Behaviour for Primary and Post Primary Schools, in particular FUSE Anti-Bullying and Online Safety Programme developed by DCU Anti-Bullying Centre <https://antibullyingcentre.ie/fuse/>

There are a range of other policies such as our school's acceptable use policy, supervision policy, additional education needs policy and Code of Behaviour that support implementation of a school's Bí Cineálta policy.

Student and Parent Voice

- Supporting the participation of students and Parents in the development and implementation of school policies and plans helps increase awareness and ensure effective implementation. We do this by surveying all parents on a regular basis and through focus groups with the parent's association and the student council.

Staff Development and Voice

- All school staff are also consulted on the development of Policy and Procedures in the school. We have developed a Staff CPD Plan and our staff are engaging in teacher professional learning courses that support school staff to prevent and address bullying behaviour. School staff also share their experiences and examples of best practice.

School Deis Plan 2023- 2026

- Our school Deis Plan has four sections which focus on "Student Transition from Post-Primary Education", "Student Academic Attainment", "Partnership with Parents", and "Partnership with Others". Additionally, there is particular focus on "Wellbeing" and a whole school approach to CPD.

Relationships and Partnerships

Strong interpersonal connections are a vital part of effectively preventing and addressing bullying behaviour. These interpersonal connections are supported through a range of formal and informal structures and activities such as:

Student Council

- We have a student-nominated student council which ensures those students who are most interested in developing the student voice in the school feel supported and can connect and engage with our school community

School Clubs

- We aim to develop existing clubs and enhance the number of school clubs and extracurricular clubs in the school to ensure that all students can feel a connection and belonging in our school

Parents Association

- Our parents' associations play an active role in the development of our school. The focus of their regular meetings is on how we can make our school a better, more positive place for all students. All Parents Association meetings are open to all parents to attend. Every parent/guardian becomes members of the Parents Association when their child is enrolled

Student Support Teams

- We have a variety of student support teams in the school. They meet on a weekly basis with the School Principal
- We also have an AEN anchor who works with Deputy Principal and team of teachers to support students

Open door Policy and Positive relationships with staff

- Our Principal and Deputy Principal lead an open-door policy for all students in the school. We aim to develop positive relationships with all students and try to develop a culture where students can approach any member of staff to discuss any issue which is affecting them in school, including any bullying behaviours

Awareness Initiatives

- Some of our monthly themes address the topic of Bullying, specifically where we look at relationships, friendships and respect.
- Everyone participates in Friendship/Anti-bullying Week, which takes place on an annual basis and covers many topics throughout the week and leading up to and proceeding it.

Preventing Cyberbullying Behaviour

Technology and social media have provided many positive opportunities for entertainment, social engagement and education. Technology is a part of life that can impact even the youngest members of society. However, the increase in the use of technology has led to students becoming increasingly vulnerable to cyberbullying or unacceptable online behaviour.

In Coláiste Pobail Acla strategies to prevent cyberbullying behaviour include the following, which is not an exhaustive list:

- we proactively address these challenges by promoting digital literacy, digital citizenship, and fostering safe online environments through our first-year taster module, SPHE and visiting speakers
 - some of the topics of visiting speakers include
 - ✦ Respectful and kind relationships online
 - ✦ Anti-bullying and kindness workshops

- Breathe by Mayo Mental Health
- We have developed and communicated to students and parents our Acceptable Use Policy for technology.
- Appropriate online behaviour is referenced as part of the standards of behaviour in the Code of Behaviour.
- We promote or host online safety events for parents who are responsible for overseeing their children's activities online.
- We hold Internet safety workshops to reinforce awareness around appropriate online behaviour as part of our Wellbeing calendar.
- Mobile Phones are not allowed to be powered on in school, unless directed by a teacher in the classroom for teaching and learning

Preventing homophobic/transphobic bullying behaviour

All students including gay, lesbian, bisexual and transgender students, have a right to feel safe and supported at school.

In Coláiste Pobail Acla strategies to prevent homophobic and transphobic bullying behaviour include the following,

- conducting workshops and seminars for students, school staff and parents to raise awareness of the impact of bullying.
- encouraging students to speak up when they witness any bullying behaviour.

Preventing racist bullying behaviour

Schools have become much more culturally diverse over the last number of decades. Students attending schools come from many different cultures and backgrounds. Students from diverse backgrounds may face discrimination and prejudice and may be subject to racist bullying behaviour.

In Coláiste Pobail Acla strategies to prevent racist bullying behaviour include the following, which is not an exhaustive list:

- we foster a school culture where diversity is celebrated and where students "see themselves" in the school environment
- We have the cultural diversity of the school visible and on display in photos and on social media
- we conduct bullying workshops and seminars for students, school staff and parents which raise awareness of racism
- we encourage peer support such as peer mentoring and empathy building activities
- we encourage bystanders to report when they witness racist behaviour
- we provide supports to school staff to respond to the needs of students for whom English is an additional language and for communicating with their parents
- we provide supports to school staff to support students from ethnic minorities, including Traveller and Roma students, and to encourage communication with their parents, inviting speakers from diverse ethnic backgrounds
- We ensure that library reading material and textbooks represent appropriate lived experiences of students and adults from different national, ethnic and cultural backgrounds

Preventing sexist bullying behaviour

As a mixed school we place a particular focus on gender equality as part of our school's measures to create a supportive and respectful environment.

In Coláiste Pobail Acla strategies to prevent sexist bullying behaviour include the following, which is not an exhaustive list:

- We ensure members of staff model respectful behaviour and treat students equally irrespective of their sex
- We ensure all students have the same opportunities to engage in school activities irrespective of their sex
- We celebrate diversity at school and acknowledge the contributions of all students
- We organise awareness campaigns, workshops and presentations on gender equality and respect as part of the Wellbeing Calendar at different times throughout the year
- We encourage parents to reinforce these values of respect at home

Preventing sexual harassment

Preventing sexual harassment requires an approach that focuses on education, awareness and clear enforceable policies. We make it clear that there is a zero-tolerance approach to sexual harassment. Sexual harassment should never be dismissed as teasing or banter.

In Coláiste Pobail Acla strategies to prevent sexual harassment include the following, which is not an exhaustive list:

- We use the updated SPHE specifications to teach students about healthy relationships and how to treat each other with respect and kindness
- We promote positive role models within the school community
- We challenge gender stereotypes that can contribute to sexual harassment

The school has the following supervision and monitoring policies in place to prevent and address bullying behaviour

In addition to all the practices identified above under Culture and Environment, Curriculum, Planning and Policy and Relationships and Partnerships

Supervision on Yard and Corridors and in class

- A weekly schedule of student supervision on corridors and yards is developed to monitor student behaviour and wellbeing. Any causes for concern are dealt with and reported to school management.
- All staff are watchful and observe relationships between students in class, note absence patterns and let it be known that high standards of behaviour are expected at all times

Annual Survey of Students

- Students in each year group are surveyed each year to identify bullying behaviour

Online Form for Reporting Alleged Bullying Behaviour

- An online form has been developed which can be completed by students, peers or parents

Student Support email

- The student support email reportbullying@cpacla.ie is highlighted on posters around the school. The Principal receives a notification when an email is sent to this address.

ADDRESSING BULLYING BEHAVIOUR

It is the responsibility of **all staff** upon being made aware or witnessing a bullying incident to complete the Alleged Bullying Incident Student Statement Form (Appendix A).

The staff with primary responsibility for addressing bullying behaviour are as follows:

- **Year Head**
- **Deputy Principal**
- **Principal**

The primary aim in addressing reports of bullying behaviour should be to stop bullying behaviour and to restore, as far as it is practicable, the relationships of the parties involved.

The steps that will be taken by the school to determine if bullying behaviour has occurred, the approaches taken to address bullying behaviour and to review progress are as follows:

Who to talk to

Students and or/parents should **report bullying behaviour to any member of staff** with whom they feel comfortable, but their main point of contact will be the Year Head. All staff, students or parents may make

- A direct approach at an appropriate time
- Hand up a signed note e.g. with homework
- Email: reportbullying@cpacla.ie
- Make a phone call to the school
- Ask a parent/guardian or friend to talk on your behalf
- Report on the school website at the link; [“Click Here to Report Bullying”](#)
- Discuss an incident of bullying with a teacher or another trusted adult within the school.

Incidents of bullying behaviour, no matter how trivial, which are drawn to the attention of a staff member, will be dealt with in the following manner:

The staff member will

- Listen, take notes, reassure the student, ensure the students safety as far as possible
- All reported instances will be passed on to the Year Head for investigation

We work to ensure that the person being bullied always feels safe and secure. Therefore, the person being bullied will be consulted in conjunction with their parents

about the matter and how the school is to proceed in the first instance.

Identifying if bullying behaviour has occurred

When bullying behaviour occurs, the school will:

1. ensure that the student experiencing bullying behaviour is heard and reassured
2. seek to ensure the privacy of those involved
3. conduct all conversations with sensitivity
4. consider the age and ability of those involved
5. listen to the views of the student who is experiencing bullying behaviour as to how best to address the situation
6. act in a timely manner
7. inform parents of those involved

If the bullying behaviour is a child protection concern the matter will be addressed without delay in accordance with *Child Protection Procedures for Primary and Post-Primary Schools*.

The Year Head will

- Identify if bullying behaviour has occurred by analysing incidents of alleged bullying and seek answers to questions of what, where, when, who and why.
- This will be done in a calm manner, setting an example in dealing effectively with conflict in a non-aggressive manner.
- If a group of students is involved, each student will be engaged with individually at first.
- Thereafter, all students involved may be met as a group if it is deemed appropriate by the year head or school management.
- At the group meeting, each student will be asked for their account of what happened to ensure that everyone in the group is clear about each other's views.
- Each student will be supported, as appropriate, following the group meeting.
- It may also be helpful to ask the students involved to write down their account of the incident if a reporting teacher has not done so already- Appendix A.

The definition of bullying provided above sets out clear criteria to help the Year Head to identify bullying behaviour. ***The Year Head will use Appendix B to make this determination.*** Incidents can occur where behaviour is unacceptable and hurtful, but the behaviour is not bullying behaviour. Strategies that deal with inappropriate behaviour are provided for within the school's Code of Behaviour

Where bullying behaviour has occurred

“Given the complexity of bullying behaviour it is generally acknowledged that that no one approach works in all situations. International and national research also continues to evolve in this area and the effectiveness of particular approaches continues to be reviewed. Each school must therefore decide on an approach that is best suited to its own circumstances.”

The Year Head Will

- Where the Year Head has deemed Bullying has occurred the Year Head will record any instances of Bullying on a school record portal/form.
 - This will include the type of behaviour, where and when it took place, and the date of the engagement with students and parents. The actions and supports agreed to address bullying behaviour will be documented. All files and documents will be stored with a Bullying Case file number in a locked filing cabinet and attached to each relevant student's file on the Student Management Information System.
 - Filing system: Junior – J, Senior – S / Number / Academic Year
Example: J 001 24/25
The above example refers to a Junior case file, number 001 for the academic year 24/25

In the first instance a restorative practice and mediation approach to dealing with the bullying behaviour will be taken by the Year Head.

- Consult with parents: parents are an integral part of the school community and play an important role, in partnership with schools, in addressing bullying behaviour. Where bullying behaviour has occurred, the parents of the students involved will be contacted at an early stage to inform them of the matter and to consult with them on the actions to be taken to address the behaviour
- listen to the views of the student who is experiencing the bullying behaviour as to how best to address the situation
- The person who has bullied will be asked to sign and Complete Appendix C. Sanctions may apply in line with the schools Code of Behaviour for serious or a repeated instance of Bullying with a second student. Repeat instances of Bullying with the same student is dealt with below.
- Follow-up meetings with the relevant parties involved will be arranged separately with a view to possibly bringing them together at a later date if the pupil who has been bullied is ready and agreeable.

Requests to take no action

A student reporting bullying behaviour may ask that a member of staff does nothing about the behaviour other than “look out” for them. The student may not want to be identified as having told someone about the bullying behaviour. They may feel that telling someone might make things more difficult for them. Where this occurs, school staff will show empathy to the student, will deal with the matter sensitively and speak with the student to work out together what steps can be taken to address the matter and how their parents will be informed of the situation.

It is important that the student who has experienced bullying behaviour feels safe.

Parents may also make schools aware of bullying behaviour that has occurred and specifically request that the school take no action. Parents will be asked to put this request in writing to the school.

However, while acknowledging the parent's request, the school may decide that, based on the

circumstances, it is appropriate to address the bullying behaviour

Follow up where bullying behaviour has occurred

The Year Head will

- engage with the students involved and their parents again no more than 20 school days after the initial engagement
- In cases where the **Year Head** considers that the bullying behaviour has not been adequately and appropriately addressed within 20 school days after they have determined that bullying behaviour has occurred, it will be recorded by the **Year Head** and passed on to the Principal with all other documentation.

In determining whether a bullying case has been adequately and appropriately addressed the **Year Head** must, as part of their professional judgement, must document and take the following factors into account:

- Whether the bullying behaviour has ceased and the date.
- The views of the parents and students
- Any engagement with external services and supports
- If the bullying behaviour has not ceased the Year Head will review the strategies used in consultation with the students involved and their parents. A timeframe should be agreed for further engagement until the bullying behaviour has ceased
- If it becomes clear that the student who is displaying the bullying behaviour is continuing to display the behaviour, then the school will use the strategies to deal with inappropriate behaviour as provided for within the school's Code of Behaviour. If disciplinary sanctions are considered, this is a matter between the relevant student, their parents and the school
- Where a parent is not satisfied that the school has dealt with a bullying case in accordance with these procedures, the parents must be referred, as appropriate, to the school's complaints procedures.
- If a parent is dissatisfied with how a complaint has been handled, they may make a complaint to the Ombudsman for Children if they believe that the school's actions have had a negative effect on the student

The school will use the following approaches to support those who experience, witness and display bullying behaviour:

Students who experience Bullying or Witness Bullying

The school's programme of support for working with pupils affected by bullying is as follows:

Pupils may need counselling and/or opportunities to participate in activities designed to raise their self-esteem, to develop their friendship and social skills and thereby build resilience whenever this is needed.

- In this regard the relevant Student Support Team will work closely with the students to ensure they are actively supported in the school and to engage in school-based activities they enjoy,.
- The school's Student Support Team will also put in place a program of support.
- The learning strategies applied within the school will also allow for the enhancement of the pupil's self-worth.
- The student will be placed on our In/Out list for Support.

Students who display bullying Behaviour

Pupils who engage in bullying behaviour may need counselling to help them learn other ways of meeting their needs without violating the rights of others. The Year Head in conjunction with the relevant Student Support Team will work closely with the student in this regard.

Outside agency support

The school in certain circumstances may also seek the support and advice of TUSLA, EWO, NEPS, NCSE, second level school support services, HSE and any other agency deemed appropriate to support the school in dealing with incidents of bullying.

Annual Review of the Bí Cineálta Policy

The Board of Management must undertake an annual (calendar) review (Appendix E) or as soon as practicable where the Board of Management determines that a review is warranted of the school's Bí Cineálta policy and its implementation in consultation with the school community.

The review will be completed with input from the school community, which includes the Board of Management, staff, students and their parents/guardians and members of the wider school community (as appropriate).

The school will engage with the student council and the parent's association to obtain their views on the content and effectiveness of the school's Bí Cineálta Policy.

The school community will be given notice that the annual review has taken place, and the form included at Appendix F will be used for this purpose. This confirmation will be published on the school website once the annual review has taken place.

Appendix B

Identifying if bullying behaviour has occurred

To determine whether the behaviour reported is bullying behaviour the Year Head should consider the following questions:

1. Is the behaviour targeted at a specific student or group of students?
2. Is the behaviour intended to cause physical, social or emotional harm?
3. Is the behaviour repeated?

If the answer to each of the questions above is Yes, then the behaviour is bullying behaviour and the behaviour should be addressed using the Bí Cineálta Procedures.

Note: One-off incidents may be considered bullying in certain circumstances. A single hurtful message posted on social media can be considered bullying behaviour as it has a high likelihood of being shared multiple times and thus becomes a repeated behaviour.

If the answer to any of these questions is No, then the behaviour is not bullying behaviour.

Strategies to deal with inappropriate behaviour are provided for within the school's Code of Behaviour.

Student Behaviour Promise

Student Name: _____ Class: _____

I know that all of my fellow students are different from each other and from me in many ways, (e.g. *hair colour, skin colour, what we wear, height, weight, size, accent, religion, nationality, sexual orientation, where we live or have lived, what we like to do, whether we are loud or quiet, how good we are at learning, how well we study, how good we are at sports, whether we like music etc. etc.*). I would not like to be treated unfairly and made to feel bad by any of my fellow students because of any of these differences or just because they did not like me. I know that I have a right to be different from other students and that this does not give anyone the right to treat me unfairly or to be mean to me. I know that I am entitled to fair, equal, respectful treatment in school because of the school's Code of Behaviour and outside of school too.

I also know that all other students are entitled to be treated fairly, equally and respectfully. It is wrong to treat anyone any other way. I therefore promise that in future I will treat all my fellow students fairly, equally and respectfully despite our differences and whether I like them or not.

In particular: (*Handwrite below "I will always treat (Name) fairly and respectfully"*)

Appendix G Student Friendly Bi Cineálta Policy

Bí Cineálta!

We want everyone at our school to feel safe and happy.

If you think that you are being bullied or someone else is being bullied, you need to tell a teacher or another adult that you trust. They will know what to do to help.

Get help!

Tell someone!

If a student tells a staff member that they think they are being bullied, we will:

- talk with the student
- ask the student what they want to happen
- work out a plan together
- talk to their parents
- talk to the other student(s) involved
- talk with the other student's parents

Bullying behaviour is when someone keeps being mean or hurtful to others on purpose over and over again.

Please tell someone if you think that you are being bullied or someone else is being bullied.

Our school has a Bí Cineálta policy to try to stop bullying behaviour.

We look at this policy every year to see what is working well or what could work better.

We will ask you what you think.

When it happens a lot.
Not just once.

Anti-Bullying Procedures

Who to Talk to

Students and or/parents should report bullying behaviour to any member of staff with whom they feel comfortable, but their main point of contact will be their **Year Head**. Staff will inform year head after meeting student/parent with a complete Reporting Bullying Form (Appendix A), or parents can contact the school using phone or the [Reporting Bullying link](#) on the school website

Staff Will

Listen, take notes, reassure the student, ensure the students safety as far as possible, negotiate confidentiality. Refer to the Year Head for Investigation. The Year Head will notify the Student Support Team; they will put in place a support programme for the students.

Mediation

Our primary aim in investigating and dealing with bullying is to resolve any issues and to restore, as far as practicable, the relationships of the parties involved (rather than to apportion blame). Mediation between parties if so wished may be carried out by the Year Head or a member of our Student Support Team.

Reform Approach

In the first instance a Reform approach to resolving the incident will be taken and a no blame approach without sanction will be implemented, this is in line with advice from the [Anti- Bullying Campaign and Approach which has been adopted by the school](#). The person who has bullied will be asked to sign and Complete a Student Behaviour Promise

Follow-up and Record of Actions Taken

In cases where the Year Head considers that the bullying behaviour has not been adequately and appropriately addressed within 20 school days after determining that bullying has occurred this will be recorded using the [Reporting Bullying Form](#).

Referral to Principal/Deputy Principal

There are occasions where the bullying incident may be referred directly to the Deputy Principal(s)/Principal.
